Ivan Dias

Lisbon, Portugal | (+351) 910616869 | ivandiasworkrelated@proton.me | https://ivandiaswr.github.io/ivan-dias-portfolio/

Objective

Experienced developer, proficient in C# ASP.NET, seeking to join a dynamic team to expand my current skills and add new ones. Eager to learn and adapt to new challenges, including back-end and front-end development.

Skills

Back-end: C#, ASP.NET, ASP.NET Core, MVC, RESTful API, SQL, Entity Framework
Front-end: HTML5, CSS3, JavaScript, React.js
Software: Visual Studio, MSSQL, IIS, Postman, Git, GitHub, Jira
Languages: Portuguese, English

Experience

EDF Energy, Lisbon *May 2022 – Mar 2023*
.NET Developer
- Conducted analysis of technical documentation
- Successfully maintained a web application using MVC in ASP.NET
- Efficiently handled tickets using Jira and Git, working collaboratively with the team to prioritize and address critical issues
- Identified and resolved issues productively using Visual Studio, resulting in a decrease of reported issues

Crédito Agrícola Bank, Lisbon *Dec 2019 – May 2022*
.NET Developer
- Successfully maintained and developed RESTful APIs using MVC in ASP.NET
- Implemented a robust RSA Encryption feature for security
- Efficiently managed tickets using Azure and TFS, closely collaborating with a team of 6 developers to prioritize and resolve
- Developed SQL queries to efficiently retrieve data from MSSQL database
- Monitored and conducted API tests with Postman

Techtailors, Lisbon *Aug 2019 – Nov 2019*
Full stack Intern
- Developed features and maintained web applications using web forms and VB.NET
- Developed front-end features using Bootstrap and conducted tests to ensure the interface was user-friendly
- Integrated with Salesforce APIs for Authentication and CRUD operations

Projects

Holiday Planner *Apr 2023*
Developed a personal project, a web application Holiday Planner, designed to assist users in planning and organizing their holidays. The application allows users to create, update, and manage holiday plans.
- Single-handedly developed the application using ASP.NET Core 6. Implemented user-friendly interfaces with React.js
- Implemented Dependency Injection and Repository patterns
- Utilized Entity Framework for ORM to manage SQL Server database operations

Education

ISTEC, Lisbon *Oct 2021 – Present*
Degree in Software Engineering - Level 6 EQF *Expected Graduation, Jun 2024*

Cinel, Lisbon *Jul 2018 – Dec 2019*
Technician Specialist in Programming - Level 5 EQF
